## Educational Integrity: Creating an Inclusive Approach

Fourth Asia Pacific Conference on Educational Integrity (4APCEI)

28 – 30 September 2009 University of Wollongong, NSW, Australia

The Fourth Asia Pacific Conference on Educational Integrity will be held at the University of Wollongong, Australia on 29-30 September 2009 with a pre-conference workshop on 28 September.

This conference is built around a stimulating discussion-centred format. Written papers will be posted on the web before the conference. Authors, rather than giving talks, will provide one-pagers to focus the discussion. Sessions will feature comments by discussants, responses by authors and ample time for discussion around key questions. The sessions will be highly interactive and give authors plenty of feedback.

Other formats will be used too, including plenary interviews, quizzes and films. Keynote presenters include Dr John Lesko, editor of *Plagiarism: Cross-disciplinary studies in plagiarism, fabrication, and falsification*, and Anna Broinowski, director of the film *Forbidden Lies*.

Educational integrity includes topics such as plagiarism and values in teaching and learning, as well as the broader educational context.

For enquiries about registration, accommodation, and other conference matters see [www.uow.edu.au/conferences/4APCEI/home.html](http://www.uow.edu.au/conferences/4APCEI/home.html)

Send one-pagers and papers to Brian Martin, [bmartin@uow.edu.au](mailto:bmartin@uow.edu.au) (phone +61 2 4221 3763). See below for more information on submissions.

### Key dates

1 December 2008	Call for papers opens
1 December 2008	Registration opens
31 May 2009	Closing date for one-pagers
30 June 2009	Early bird registration closes
17 August 2009	Closing date for papers
31 August 2009	Standard registration closes
28 September 2009	Pre-conference workshop
29-30 September 2009	Conference

**Papers** You are invited to submit a paper on an issue related to educational integrity. You will need to write a one-pager followed by a full paper. The full paper will be published on the web and will be the centrepiece of a discussion session at the conference. If you so choose, the full paper can be externally refereed.

Here's the process.

1. **No later than 31 May 2009**, submit a one-pager containing
  - a 100-200 word abstract
  - the key ideas listed as dot points
  - two discussion questions

Send to Brian Martin, [bmartin@uow.edu.au](mailto:bmartin@uow.edu.au) (phone +61 2 4221 3763). Use *4APCEI one-pager* as the subject of your email. Notification that your topic is suitable for the conference will be sent within a week.

2. Write the full paper. Any self-consistent format of referencing and presentation is acceptable. Length: 1000 to 10,000 words.
3. You can nominate the paper for the *general* category or the *refereed* category. Papers in the general category will be checked for suitability. Papers in the refereed category will be sent to external referees. A paper nominated for refereeing can be posted in the general category initially and, after acceptance, posted in the refereed category, which may happen after the conference. Refereed papers can qualify as DEST E1 publications.

**No later than 17 August 2009**, submit the paper in to Brian Martin, [bmartin@uow.edu.au](mailto:bmartin@uow.edu.au). Papers submitted for refereeing should have all author information on a separate page.

4. Accepted papers will be posted on the web before the conference.
5. Here's how papers will be discussed at the conference.
  - Participants will have the *one-pager* for guidance. We expect that several participants, as well as the discussant, will have read the full paper in advance.
  - Each session will be opened by a discussant who will speak for up to 5 minutes and add one new discussion question to those posed by the author in the one-pager
  - The author will reply and comment for up to 5 minutes
  - The discussion then continues around the discussion questions – with a stimulating time for all!
